NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS

NOTE 1. DESCRIPTION OF ORGANIZATION, BUSINESS OPERATIONS AND BASIS OF PRESENTATION

JATT Acquisition Corp (the “Company”) is a blank check company incorporated as a Cayman Islands exempted company on March 10, 2021. The Company was incorporated for the purpose of effecting a merger, share exchange, asset acquisition, share purchase, reorganization or similar business combination with one or more businesses that the Company has not yet identified (“Business Combination”).

As of September 30, 2021, the Company had not yet commenced operations. All activity for the period from March 10, 2021 (inception) through September 30, 2021, relates to the Company’s formation and the initial public offering (the “Initial Public Offering”), which is described below, and since the Initial Public Offering the search for a Business Combination. The Company will not generate any operating revenues until after the completion of its initial Business Combination, at the earliest. The Company generates non-operating income in the form of interest income from the proceeds derived from the Initial Public Offering. The Company has selected December 31 as its fiscal year end.

The Company’s sponsor is JATT Ventures, L.P., a Cayman Islands exempted limited partnership (the “Sponsor”). The registration statement for the Company’s Initial Public Offering was declared effective on July 13, 2021. On July 16, 2021, the Company consummated its Initial Public Offering of 12,000,000 units (the “Units” and, with respect to the Class A ordinary shares included in the Units being offered, the “Public Shares”), at \$10.00 per Unit, generating gross proceeds of \$120.0 million, and incurring offering costs of approximately \$5.8 million (net of reimbursement from underwriter of \$480,000), of which approximately \$3.4 million and approximately \$331,000 was for deferred underwriting commissions (see Note 6) and offering costs allocated to derivate warrant liabilities, respectively. On July 19, 2021, the underwriters fully exercised their option and purchased 1,800,000 additional Units, generating gross proceeds of \$18.0 million (the “Over-Allotment”), and incurring offering costs of \$990,000, of which \$630,000 was for deferred underwriting commissions.

Simultaneously with the closing of the Initial Public Offering, the Company consummated the private placement (“Private Placement”) of 5,370,000 warrants (each, a “Private Placement Warrant” and collectively, the “Private Placement Warrants”), at a price of \$1.00 per Private Placement Warrant to the Sponsor, generating proceeds of approximately \$5.4 million (see Note 4). Concurrent with the consummation of the Over-Allotment on July 19, 2021, the Sponsor purchased 540,000 additional Private Placement Warrants, generating proceeds of \$540,000 (the “Second Private Placement”).

Upon the closing of the Initial Public Offering and the Private Placement on July 16, 2021, and the Over-Allotment and Second Private Placement on July 16, 2021, approximately \$139.4 million (\$10.10 per Unit) of the net proceeds were placed in a trust account (“Trust Account”) with Continental Stock Transfer & Trust Company acting as trustee and invested in United States “government securities” within the meaning of Section 2(a)(16) of the Investment Company Act having a maturity of 185 days or less or in money market funds meeting certain conditions under Rule 2a-7 promulgated under Investment Company Act of 1940, as amended, (the “Investment Company Act”), which invest only in direct U.S. government treasury obligations, as determined by the Company, until the earlier of: (i) the completion of a Business Combination and (ii) the distribution of the Trust Account as described below.

The Company’s management has broad discretion with respect to the specific application of the net proceeds of its Initial Public Offering and the sale of Private Placement Warrants, although substantially all of the net proceeds are intended to be applied generally toward consummating a Business Combination. The Company’s initial Business Combination must be with one or more operating businesses or assets with a fair market value equal to at least 80% of the net assets held in the Trust Account (excluding any deferred underwriters fees and taxes payable on the income earned on the Trust Account) at the time the Company signs a definitive agreement in connection with the initial Business Combination. However, the Company will only complete a Business Combination if the post-transaction company owns or acquires 50% or more of the outstanding voting securities of the target or otherwise acquires a controlling interest in the target sufficient for it not to be required to register as an investment company under the Investment Company Act.

The Company will provide its holders of the Public Shares (the “Public Shareholders”) with the opportunity to redeem all or a portion of their Public Shares upon the completion of a Business Combination either (i) in connection with a

JATT ACQUISITION CORP
NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS

general meeting called to approve the Business Combination or (ii) by means of a tender offer. The decision as to whether the Company will seek shareholder approval of a Business Combination or conduct a tender offer will be made by the Company, solely in its discretion. The Public Shareholders will be entitled to redeem their Public Shares for a pro rata portion of the amount then in the Trust Account (initially at \$10.10 per share, plus any pro rata interest earned on the funds held in the Trust Account and not previously released to the Company to pay its tax obligations). The per-share amount to be distributed to Public Shareholders who redeem their Public Shares will not be reduced by the deferred underwriting commissions the Company will pay to the underwriters (as discussed in Note 6). These Public Shares have been recorded at a redemption value and classified as temporary equity in accordance with Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) Topic 480 “Distinguishing Liabilities from Equity (ASC 480).” In such case, the Company will proceed with a Business Combination if the Company has net tangible assets of at least \$5,000,001 upon such consummation of a Business Combination and a majority of the shares voted are voted in favor of the Business Combination. If a shareholder vote is not required by law and the Company does not decide to hold a shareholder vote for business or other legal reasons, the Company will, pursuant to the amended and restated memorandum and articles of association which were adopted by the Company upon the consummation of the Initial Public Offering (the “amended and restated memorandum and articles of association”), conduct the redemptions pursuant to the tender offer rules of the U.S. Securities and Exchange Commission (the “SEC”), and file tender offer documents with the SEC prior to completing a Business Combination. If, however, a shareholder approval of the transactions is required by law, or the Company decides to obtain shareholder approval for business or legal reasons, the Company will offer to redeem shares in conjunction with a proxy solicitation pursuant to the proxy rules and not pursuant to the tender offer rules. Additionally, each Public Shareholder may elect to redeem their Public Shares irrespective of whether they vote for or against the proposed transaction. If the Company seeks shareholder approval in connection with a Business Combination, the holders of the Founder Shares prior to this Initial Public Offering (the “Initial Shareholders”) have agreed to vote their Founder Shares (as defined in Note 5) and any Public Shares purchased during or after the Initial Public Offering in favor of a Business Combination. In addition, the Initial Shareholders agreed to waive their redemption rights with respect to their Founder Shares and Public Shares in connection with the completion of a Business Combination. In addition, the Company agreed not to enter into a definitive agreement regarding an initial Business Combination without the prior consent of the Sponsor.

Notwithstanding the foregoing, the Company’s amended and restated memorandum and articles of association provides that a Public Shareholder, together with any affiliate of such shareholder or any other person with whom such shareholder is acting in concert or as a “group” (as defined under Section 13 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”)), will be restricted from redeeming its shares with respect to more than an aggregate of 15% or more of the Class A ordinary shares sold in the Initial Public Offering, without the prior consent of the Company.

The Company’s Sponsor, officers and directors have agreed not to propose an amendment to the Company’s amended and restated memorandum and articles of association that would affect the substance or timing of the Company’s obligation to provide for the redemption of its Public Shares in connection with a Business Combination or to redeem 100% of its Public Shares if the Company does not complete a Business Combination, unless the Company provides the Public Shareholders with the opportunity to redeem their Class A ordinary shares in conjunction with any such amendment.

If the Company is unable to complete a Business Combination within 18 months from the closing of the Initial Public Offering, or January 16, 2023 (the “Combination Period”), the Company will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem the Public Shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account, including interest earned on the funds held in the Trust Account (less taxes payable and up to \$100,000 of interest to pay dissolution expenses), divided by the number of then outstanding Public Shares, which redemption will completely extinguish Public Shareholder’s rights as shareholders (including the right to receive further liquidating distributions, if any) and (iii) as promptly as reasonably possible following such redemption, subject to the approval of the remaining shareholders and the board of directors, liquidate and dissolve, subject, in the case of clauses (ii) and (iii), to the Company’s obligations under Cayman Islands law to provide for claims of creditors and in all cases subject to the other requirements of applicable law.

JATT ACQUISITION CORP
NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS

In connection with the redemption of 100% of the Company's outstanding Public Shares for a portion of the funds held in the Trust Account, each holder will receive a full pro rata portion of the amount then in the Trust Account, plus any pro rata interest earned on the funds held in the Trust Account and not previously released to the Company to pay the Company's taxes payable (less up to \$100,000 of interest to pay dissolution expenses).

The Initial Shareholders agreed to waive their liquidation rights with respect to the Founder Shares if the Company fails to complete a Business Combination within the Combination Period. However, if the Initial Shareholders should acquire Public Shares in or after the Initial Public Offering, they will be entitled to liquidating distributions from the Trust Account with respect to such Public Shares if the Company fails to complete a Business Combination within the Combination Period. The underwriters agreed to waive their rights to their deferred underwriting commission (see Note 6) held in the Trust Account in the event the Company does not complete a Business Combination within the Combination Period, and, in such event, such amounts will be included with the funds held in the Trust Account that will be available to fund the redemption of the Company's Public Shares. In the event of such distribution, it is possible that the per share value of the residual assets remaining available for distribution (including Trust Account assets) will be only \$10.10 per share initially held in the Trust Account. In order to protect the amounts held in the Trust Account, the Sponsor agreed that it will be liable to the Company if and to the extent any claims by a third party for services rendered or products sold to the Company, or a prospective target business with which the Company has entered into a written letter of intent, confidentiality or other similar agreement or business combination agreement, reduce the amount of funds in the Trust Account to below the lesser of (i) \$10.10 per Public Share and (ii) the actual amount per Public Share held in the trust account as of the date of the liquidation of the Trust Account, if less than \$10.10 per share due to reductions in the value of the trust assets, less taxes payable; provided that such liability will not apply to any claims by a third party or prospective target business who executed a waiver of any and all rights to the monies held in the Trust Account (whether or not such waiver is enforceable) nor will it apply to any claims under the Company's indemnity of the underwriters of the Initial Public Offering against certain liabilities, including liabilities under the Securities Act of 1933, as amended (the "Securities Act"). In the event that an executed waiver is deemed to be unenforceable against a third party, the Sponsor will not be responsible to the extent of any liability for such third-party claims. The Company will seek to reduce the possibility that the Sponsor will have to indemnify the Trust Account due to claims of creditors by endeavoring to have vendors, service providers (except the Company's independent registered public accounting firm), prospective target businesses or other entities with which the Company does business, execute agreements with the Company waiving any right, title, interest or claim of any kind in or to monies held in the Trust Account.

Liquidity And Capital Resources

As of September 30, 2021, the Company had approximately \$987,000 in its operating bank account and working capital of approximately \$1.4 million.

The Company's liquidity needs through September 30, 2021, were satisfied through the cash contribution of \$25,000 from the Sponsor to purchase Founder Shares (as defined in Note 5), and a loan from its Sponsor of approximately \$117,000 under the Note (as defined in Note 5). The Company repaid the Note in full on July 21, 2021. Subsequent to the consummation of the Initial Public Offering, the Company's liquidity has been satisfied through the net proceeds from the consummation of the Initial Public Offering and the Private Placement held outside of the Trust Account. In addition, in order to finance transaction costs in connection with a Business Combination, the Sponsor or an affiliate of the Sponsor, or certain of the Company's officers and directors may, but are not obligated to, provide the Company Working Capital Loans (as defined in Note 5). As of September 30, 2021, there was no amounts outstanding for Working Capital Loans.

Based on the foregoing, management believes that the Company will have sufficient working capital and borrowing capacity to meet its needs through the earlier of the consummation of a Business Combination or one year from this filing. Over this time period, the Company will be using the funds held outside of the Trust Account for paying existing accounts payable, identifying and evaluating prospective initial Business Combination candidates, performing due diligence on prospective target businesses, paying for travel expenditures, selecting the target business to merge with or acquire, and structuring, negotiating and consummating the Business Combination.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES***Basis of Presentation***

The accompanying unaudited condensed financial statements are presented in U.S. dollars in conformity with accounting principles generally accepted in the United States of America (“GAAP”) for financial information and pursuant to the rules and regulations of the SEC. Accordingly, they do not include all of the information and footnotes required by GAAP. In the opinion of management, all adjustments (consisting of normal accruals) considered for a fair presentation have been included. Operating results for the three months ended September 30, 2021, and for the period from March 10, 2021 (inception) through September 30, 2021, are not necessarily indicative of the results that may be expected for the year ending December 31, 2021, or any future period.

The accompanying unaudited condensed financial statements should be read in conjunction with the audited financial statements and notes thereto included in the Form 8-K and the final prospectus filed by the Company with the SEC on July 22, 2021, and July 14, 2021, respectively.

Restatement of Previously Reported Financial Statement

In preparation of the Company’s unaudited condensed financial statements as of and for quarterly period ended September 30, 2021, the Company concluded it should restate its financial statement to classify all Class A ordinary shares subject to possible redemption in temporary equity. In accordance with the SEC and its staff’s guidance on redeemable equity instruments, ASC 480, paragraph 10-S99, redemption provisions not solely within the control of the Company require ordinary shares subject to redemption to be classified outside of permanent equity. The Company had previously classified a portion of its Class A ordinary shares in permanent equity, or total shareholders’ equity. Although the Company did not specify a maximum redemption threshold, its charter currently provides that, the Company will not redeem its public shares in an amount that would cause its net tangible assets to be less than \$5,000,001. Previously, the Company did not consider redeemable ordinary shares classified as temporary equity as part of net tangible assets. Effective with these financial statements, the Company revised this interpretation to include temporary equity in net tangible assets. Accordingly, effective with this filing, the Company presents all redeemable Class A ordinary shares as temporary equity and recognized accretion from the initial book value to redemption value at the time of its Initial Public Offering and in accordance with ASC 480. The change in the carrying value of the redeemable shares of Class A ordinary shares at the Initial Public Offering resulted in a reclassification of 2,095,755 shares of Class A ordinary shares from permanent equity to temporary equity and impacted the balance sheet as shown below.

Emerging Growth Company

The Company is an “emerging growth company,” as defined in Section 2(a) of the Securities Act, as modified by the Jumpstart Our Business Startups Act of 2012 (the “JOBS Act”), and it may take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not emerging growth companies including, but not limited to, not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act of 2002, reduced disclosure obligations regarding executive compensation in its periodic reports and proxy statements, and exemptions from the requirements of holding a nonbinding advisory vote on executive compensation and shareholder approval of any golden parachute payments not previously approved.

Further, Section 102(b)(1) of the JOBS Act exempts emerging growth companies from being required to comply with new or revised financial accounting standards until private companies (that is, those that have not had a Securities Act registration statement declared effective or do not have a class of securities registered under the Exchange Act) are required to comply with the new or revised financial accounting standards. The JOBS Act provides that an emerging growth company can elect to opt out of the extended transition period and comply with the requirements that apply to non-emerging growth companies but any such election to opt out is irrevocable. The Company has elected not to opt out of such extended transition period which means that when a standard is issued or revised and it has different application dates for public or private companies, the Company, as an emerging growth company, can adopt the new or revised standard at the time private companies adopt the new or revised standard. This may make comparison of the Company’s financial statement with another public company which is neither an emerging growth company nor an emerging growth company which has opted out of using the extended transition period difficult or impossible because of the potential differences in accounting standards used.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods.

Making estimates requires management to exercise significant judgment. It is at least reasonably possible that the estimate of the effect of a condition, situation or set of circumstances that existed at the date of the financial statements, which management considered in formulating its estimate, could change in the near term due to one or more future confirming events. Accordingly, the actual results could differ significantly from those estimates.

Cash and Cash Equivalents

The Company considers all short-term investments with an original maturity of three months or less when purchased to be cash equivalents. There were no cash equivalents at September 30, 2021.

Concentration of Credit Risk

Financial instruments that potentially subject the Company to concentration of credit risk consist of a cash account in a financial institution which, at times may exceed the Federal Depository Insurance Corporation coverage limit of \$250,000, and any investments held in Trust Account. At September 30, 2021, the Company had not experienced losses on these accounts and management believes the Company is not exposed to significant risks on such account.

Investments Held in Trust Account

The Company’s portfolio of investments is comprised of U.S. government securities, within the meaning set forth in Section 2(a)(16) of the Investment Company Act, with a maturity of 185 days or less, or investments in money market funds that invest in U.S. government securities and generally have a readily determinable fair value, or a combination thereof. When the Company’s investments held in the Trust Account are comprised of U.S. government securities, the

JATT ACQUISITION CORP
NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS

investments are classified as trading securities. When the Company's investments held in the Trust Account are comprised of money market funds, the investments are recognized at fair value. Trading securities and investments in money market funds are presented on the balance sheets at fair value at the end of each reporting period. Gains and losses resulting from the change in fair value of these securities is included in investment income on Trust Account in the accompanying unaudited condensed statements of operations. The estimated fair values of investments held in the Trust Account are determined using available market information.

Fair Value of Financial Instruments

The fair value of the Company's assets and liabilities which qualify as financial instruments under the FASB ASC Topic 820, "Fair Value Measurements," equal or approximate the carrying amounts represented in the balance sheet, primarily due to their short-term nature.

Fair Value Measurements

Fair value is defined as the price that would be received for sale of an asset or paid for transfer of a liability, in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). These tiers consist of:

- Level 1, defined as observable inputs such as quoted prices (unadjusted) for identical instruments in active markets;
- Level 2, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable such as quoted prices for similar instruments in active markets or quoted prices for identical or similar instruments in markets that are not active; and
- Level 3, defined as unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions, such as valuations derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable.

In some circumstances, the inputs used to measure fair value might be categorized within different levels of the fair value hierarchy. In those instances, the fair value measurement is categorized in its entirety in the fair value hierarchy based on the lowest level input that is significant to the fair value measurement.

Derivative Financial Instruments

The Company does not use derivative instruments to hedge exposures to cash flow, market, or foreign currency risks. The Company evaluates all of its financial instruments, including issued share purchase warrants, to determine if such instruments are derivatives or contain features that qualify as embedded derivatives, pursuant to ASC 480 and 815, "Derivatives and Hedging" ("ASC 815"). The classification of derivative instruments, including whether such instruments should be recorded as liabilities or as equity, is re-assessed at the end of each reporting period.

The warrants issued in connection with the Initial Public Offering (the "Public Warrants") and the Private Placement Warrants are recognized as derivative liabilities in accordance with ASC 815. Accordingly, the Company recognizes the warrant instruments as liabilities at fair value and adjust the instruments to fair value at each reporting period. The liabilities are subject to re-measurement at each balance sheet date until exercised, and any change in fair value is recognized in the Company's statement of operations. The fair value of the Public Warrants issued in connection with the Public Offering were initially measured at fair value using a Black-Scholes simulation model, and subsequently measured at their listed trading price since they began to be separately listed and traded beginning in September 2021. The fair value of the Private Placement Warrants was initially and subsequently measured at fair value using a Black-Scholes simulation model.

JATT ACQUISITION CORP
NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS

Derivative warrant liabilities are classified as non-current liabilities as their liquidation will not be reasonably expected to require the use of current assets or require the creation of current liabilities.

Offering Costs Associated with Initial Public Offering

Offering costs consisted of legal, accounting, underwriting fees and other costs incurred through the Initial Public Offering that were directly related to the Initial Public Offering. Offering costs are allocated to the separable financial instruments issued in the Initial Public Offering based on a relative fair value basis, compared to total proceeds received. Offering costs associated with derivative warrant liabilities were expensed as incurred and presented as non-operating expenses in the statement of operations. Offering costs associated with the Public Shares were charged to the carrying value of the Class A ordinary shares subject to possible redemption upon the completion of the Initial Public Offering. The Company classifies deferred underwriting commissions as non-current liabilities as their liquidation is not reasonably expected to require the use of current assets or require the creation of current liabilities.

Net Income (Loss) Per Share of Ordinary Share

The Company complies with accounting and disclosure requirements of FASB ASC Topic 260, "Earnings Per Share." The Company has two classes of shares, which are referred to as Class A ordinary shares and Class B ordinary shares. Income and losses are shared pro rata between the two classes of shares. Net income (loss) per ordinary share is calculated by dividing the net income (loss) by the weighted average ordinary shares outstanding for the respective period.

The calculation of diluted net income per share does not consider the effect of the warrants issued in connection with the Initial Public Offering (including exercise of the over-allotment option) and the Private Placement to purchase an aggregate of 12,810,000 ordinary shares because their exercise is contingent upon future events. The number of weighted average Class B ordinary shares for calculating basic net income per ordinary share was reduced for the effect of an aggregate of 450,000 Class B ordinary shares that were subject to forfeiture if the over-allotment option was not exercised in full or part by the underwriters (see Note 4). Since the contingency was satisfied as of September 30, 2021, the Company included these shares in the weighted average number as of the beginning of the period to determine the dilutive impact of these shares. Accretion associated with the redeemable Class A ordinary shares is excluded from earnings per share as the redemption value approximates fair value.

The following table presents a reconciliation of the numerator and denominator used to compute basic and diluted net income (loss) per share for each class of ordinary shares.

Class A Ordinary Shares Subject to Possible Redemption

The Company accounts for its Class A ordinary shares subject to possible redemption in accordance with the guidance in ASC 480. Class A ordinary shares subject to mandatory redemption (if any) is classified as liability instruments and are measured at fair value. Conditionally redeemable Class A ordinary shares (including Class A ordinary shares that features redemption rights that are either within the control of the holder or subject to redemption upon the occurrence of uncertain events not solely within the Company's control) are classified as temporary equity. At all other times, Class A ordinary shares is classified as shareholders' equity. The Company's Class A ordinary shares feature certain redemption rights that are considered to be outside of the Company's control and subject to the occurrence of uncertain future events. As of September 30, 2021, 13,800,000 shares of Class A ordinary shares are subject to possible redemption and are presented at redemption value as temporary equity, outside of the shareholders' equity section of the Company's condensed balance sheets.

Effective with the closing of the Initial Public Offering (including the exercise of the over-allotment option), the Company recognized the accretion from initial book value to redemption amount, which resulted in charges against additional paid-in capital (to the extent available) and accumulated deficit.

Income Taxes

FASB ASC Topic 740 prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. The Company's management determined that the Cayman Islands is the Company's only major tax jurisdiction. The Company recognizes accrued interest and penalties related to unrecognized tax benefits as income tax expense. There were no unrecognized tax benefits and no amounts accrued for interest and penalties as of September 30, 2021. The Company is currently not aware of any issues under review that could result in significant payments, accruals or material deviation from its position.

There is currently no taxation imposed on income by the Government of the Cayman Islands. In accordance with Cayman federal income tax regulations, income taxes are not levied on the Company. Consequently, income taxes are not reflected in the Company's financial statement. The Company's management does not expect that the total amount of unrecognized tax benefits will materially change over the next twelve months.

Recent Accounting Pronouncements

In August 2020, the FASB issued ASU No. 2020-06, Debt—Debt with Conversion and Other Options (Subtopic 470-20) and Derivatives and Hedging—Contracts in Entity's Own Equity (Subtopic 815-40): Accounting for Convertible Instruments and Contracts in an Entity's Own Equity ("ASU 2020-06"), which simplifies accounting for convertible instruments by removing major separation models required under current GAAP. The ASU also removes certain settlement conditions that are required for equity-linked contracts to qualify for the derivative scope exception, and it simplifies the diluted earnings per share calculation in certain areas. The Company adopted ASU 2020-06 on March 10, 2021 (inception). Adoption of the ASU did not impact the Company's financial position, results of operations or cash flows.

Management does not believe that any other recently issued, but not yet effective, accounting pronouncements, if currently adopted, would have a material effect on the Company's financial statements.

NOTE 3. INITIAL PUBLIC OFFERING

On July 16, 2021, the Company consummated its Initial Public Offering of 12,000,000 Units, at \$10.00 per Unit, generating gross proceeds of \$120.0 million, and incurring offering costs of approximately \$5.8 million (net of reimbursement from the underwriters of \$480,000), of which approximately \$3.4 million and approximately \$331,000 was for deferred underwriting commissions and offering costs allocated to derivative warrant liabilities, respectively. On July

JATT ACQUISITION CORP
NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS

19, 2021, the underwriters fully exercised their option and purchased 1,800,000 additional Units, generating gross proceeds of \$18.0 million, and incurring offering costs of \$990,000, of which \$630,000 was for deferred underwriting commissions.

Each Unit consists of one Class A ordinary share and one-half (1/2) of one redeemable warrant (“Public Warrant”). Each whole Public Warrant entitles the holder to purchase one Class A ordinary share at an exercise price of \$11.50 per share, subject to adjustment (see Note 8).

NOTE 4. RELATED PARTY TRANSACTIONS

Founder Shares

On March 22, 2021, the Sponsor purchased 4,312,500 founder shares (“Founder Shares”), which are Class B ordinary shares, for an aggregate purchase price of \$25,000, or approximately \$0.006 per share. On June 14, 2021, Sponsor effected a surrender of 862,500 Class B ordinary shares to us for no consideration, resulting in a decrease in the total number of Class B ordinary shares outstanding from 4,312,500 to 3,450,000. The holders of the Founder Shares agreed to surrender and cancel up to an aggregate of 450,000 Founder Shares, on a pro rata basis, to the extent that the option to purchase additional Units was not exercised in full by the underwriters, so that the Founder Shares would represent approximately 20% of the Company’s issued and outstanding shares after the Initial Public Offering. The underwriters fully exercised their over-allotment option on July 19, 2021; therefore, these 450,000 Founder Shares were no longer subject to possible redemption.

The Initial Shareholders agreed not to transfer, assign or sell any of their Founder Shares until the earlier to occur of: (A) one year after the completion of the initial Business Combination and (B) subsequent to the initial Business Combination, (x) if the closing price of Class A ordinary shares equals or exceeds \$12.00 per share (as adjusted for share subdivisions, share capitalizations, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing at least 150 days after the initial Business Combination, or (y) the date on which the Company completes a liquidation, merger, share exchange or other similar transaction that results in all of the Public Shareholders having the right to exchange their ordinary shares for cash, securities or other property.

Private Placement

Simultaneously with the closing of the Initial Public Offering, the Company consummated the Private Placement of 5,370,000 Private Placement Warrants, at a price of \$1.00 per Private Placement Warrant to the Sponsor, generating proceeds of approximately \$5.4 million. Concurrent with the consummation of the Over-Allotment on July 19, 2021, the Sponsor purchased 540,000 additional Private Placement Warrants, generating proceeds of \$540,000.

Each whole Private Placement Warrant is exercisable for one whole share of Class A ordinary shares at a price of \$11.50 per share. A portion of the proceeds from the sale of the Private Placement Warrants was added to the proceeds from the Initial Public Offering held in the Trust Account. If the Company does not complete a Business Combination within the Combination Period, the Private Placement Warrants will expire worthless. The Private Placement Warrants will be non-redeemable for cash and exercisable on a cashless basis so long as they are held by the Sponsor or their permitted transferees.

The Sponsor and the Company’s officers and directors agreed, subject to limited exceptions, not to transfer, assign or sell any of their Private Placement Warrants until 30 days after the completion of the initial Business Combination.

Related Party Loans

On March 22, 2021, the Sponsor agreed to loan the Company up to \$200,000 pursuant to a promissory note (the “Note”). The Note was non-interest bearing, unsecured and due on the closing date of the Initial Public Offering. As of September 30, 2021, the Company borrowed approximately \$117,000 under the Note. The Company repaid the Note in full on July 21, 2021. As of September 30, 2021, there was no balance outstanding.

JATT ACQUISITION CORP
NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS

In addition, in order to finance transaction costs in connection with a Business Combination, the Sponsor, members of the Company's founding team or any of their affiliates may, but are not obligated to, loan the Company funds as may be required ("Working Capital Loans"). If the Company completes a Business Combination, the Company would repay the Working Capital Loans out of the proceeds of the Trust Account released to the Company. Otherwise, the Working Capital Loans would be repaid only out of funds held outside the Trust Account. In the event that a Business Combination does not close, the Company may use a portion of proceeds held outside the Trust Account to repay the Working Capital Loans but no proceeds held in the Trust Account would be used to repay the Working Capital Loans. The Working Capital Loans would either be repaid upon consummation of a Business Combination, without interest, or, at the lender's discretion, up to \$1.5 million of such Working Capital Loans may be convertible into warrants of the post Business Combination entity at a price of \$1.00 per warrant. The warrants would be identical to the Private Placement Warrants. Except for the foregoing, the terms of such Working Capital Loans, if any, have not been determined and no written agreements exist with respect to such loans. As of September 30, 2021, the Company had no borrowings under the Working Capital Loans.

Support Agreement and Services

The Company agreed to pay the Sponsor a total of \$10,000 per month, commencing on the date of listing on the NYSE, for office space, utilities, secretarial and administrative support services provided to members of the management team. Upon completion of the initial Business Combination or the Company's liquidation, the Company will cease paying these monthly fees. For the three months ended September 30, 2021, and for the period from March 10, 2021 (inception) through September 30, 2021, the Company incurred such fees of \$30,000 and \$30,000, respectively, included as general and administrative fees – related party on the condensed statement of operations. Approximately \$10,000 has been prepaid for such services and is included as due from related party on the accompanying condensed balance sheet.

An affiliate of the Company's Sponsor and CFO provides office space and consulting services to the Company. For the three months ended September 30, 2021, and for the period from March 10, 2021 (inception) through September 30, 2021, the Company incurred fees services of \$55,000, included as general and administrative fees – related party on the condensed statement of operations. There is no balance owed for these services as of September 30, 2021.

NOTE 5. COMMITMENTS AND CONTINGENCIES

Registration and Shareholder Rights

The holders of the Founder Shares, Private Placement Warrants and warrants that may be issued upon conversion of Working Capital Loans (and any Class A ordinary shares issuable upon the exercise of the Private Placement Warrants and warrants that may be issued upon conversion of Working Capital Loans) are entitled to registration rights pursuant to a registration and shareholder rights agreement. The holders of these securities are entitled to make up to three demands, excluding short form demands, that the Company register such securities. In addition, the holders have certain "piggy-back" registration rights with respect to registration statements filed subsequent to the completion of the initial Business Combination. The Company will bear the expenses incurred in connection with the filing of any such registration statements.

Underwriting Agreement

The Company granted the underwriter a 45-day option from the date of the Initial Public Offering to purchase up to 1,800,000 additional Units at the Initial Public Offering price less the underwriting discounts and commissions. The underwriter fully exercised its over-allotment option on July 19, 2021.

The underwriter was paid an underwriting discount of \$0.20 per unit, or approximately \$2.4 million in the aggregate upon the closing of the Initial Public Offering. In addition, the Company received a reimbursement from the underwriter of \$480,000 to cover for certain offering expenses.

JATT ACQUISITION CORP
NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS

In addition, \$0.35 per unit, or approximately \$3.4 million in the aggregate (net of the reimbursement from the underwriter of \$820,000 from the deferred commissions for business combination expenses) will be payable to the underwriter for deferred underwriting commissions. The deferred fee will become payable to the underwriter from the amounts held in the Trust Account solely in the event that the Company completes a Business Combination, subject to the terms of the underwriting agreement.

In connection with the consummation of the Over-Allotment on July 19, 2021, the underwriter was paid an additional fee of \$360,000 and an additional amount of approximately \$0.9 million is payable as deferred underwriting commissions.

Risks and Uncertainties

Management continues to evaluate the impact of the COVID-19 pandemic and has concluded that, while it is reasonably possible that the virus could have a negative effect on the Company's financial position, results of its operations, close of the Initial Public Offering and/or search for a target company, the specific impact is not readily determinable as of the date of these unaudited condensed financial statements. The unaudited condensed financial statements do not include any adjustments that might result from the outcome of this uncertainty.

NOTE 6. CLASS A ORDINARY SHARES SUBJECT TO POSSIBLE REDEMPTION

The Company's Class A ordinary shares feature certain redemption rights that are considered to be outside of the Company's control and subject to the occurrence of future events. The Company is authorized to issue 200,000,000 shares of Class A ordinary shares with a par value of \$0.0001 per share. Holders of the Company's Class A ordinary shares are entitled to one vote for each share. As of September 30, 2021, there were 13,800,000 shares of Class A ordinary shares issued and outstanding, all of which were subject to possible redemption and are classified outside of permanent equity in the condensed balance sheet.

Class A ordinary shares subject to possible redemption reflected on the unaudited condensed balance sheet is reconciled on the following table:

consideration to the extent that the underwriters' over-allotment option was not exercised in full or in part, so that the Initial Shareholders would collectively own 20% of the Company's issued and outstanding ordinary shares after the Initial Public Offering. The underwriters fully exercised their over-allotment option on July 19, 2021; therefore, these 450,000 Founder Shares were no longer subject to forfeiture. As of September 30, 2021, there were 3,450,000 Class B ordinary share issued and outstanding.

Ordinary shareholders of record are entitled to one vote for each share held on all matters to be voted on by shareholders. Holders of Class A ordinary shares and holders of Class B ordinary shares will vote together as a single class on all matters submitted to a vote of the shareholders except as required by law.

The Class B ordinary shares will automatically convert into Class A ordinary shares concurrently with or immediately following the consummation of the initial Business Combination on a one-for-one basis, subject to adjustment for share sub-divisions, share capitalizations, reorganizations, recapitalizations and the like, and subject to further adjustment as provided herein. In the case that additional Class A ordinary shares or equity-linked securities are issued or deemed issued in connection with the initial Business Combination, the number of Class A ordinary shares issuable upon conversion of all Founder Shares will equal, in the aggregate, 20% of the total number of ordinary shares outstanding after such conversion, including the total number of Class A ordinary shares issued, or deemed issued or issuable upon conversion or exercise of any equity-linked securities or rights issued or deemed issued, by the Company in connection with or in relation to the consummation of the initial Business Combination, excluding any Class A ordinary shares or equity-linked securities exercisable for or convertible into Class A ordinary shares issued, or to be issued, to any seller in the initial Business Combination, any private placement warrants issued to the Sponsor, officers or directors upon conversion of Working Capital Loans; provided that such conversion of Founder Shares will never occur on a less than one-for-one basis.

NOTE 8. DERIVATIVE WARRANT LIABILITIES

As of September 30, 2021, the Company has 6,900,000 and 5,910,000 Public Warrants and Private Placement Warrants, respectively, outstanding. The Company accounts for the warrants as derivative warrant liabilities in accordance with the guidance contained in ASC 815-40. Such guidance provides that because the warrants do not meet the criteria for equity treatment thereunder, each warrant must be recorded as a liability due to the existence of provisions whereby adjustments to the exercise price of the warrants is based on a variable that is not an input to the fair value of a "fixed-for-fixed" option and the existence of the potential for net cash settlement for the warrant holders (but not all shareholders) in the event of a tender offer.

Public Warrants may only be exercised for a whole number of shares. No fractional Public Warrants will be issued upon separation of the Units and only whole Public Warrants will trade. The Public Warrants will become exercisable on the later of (a) 30 days after the completion of a Business Combination and (b) 12 months from the closing of the Proposed Public Offering; provided in each case that the Company has an effective registration statement under the Securities Act covering the Class A ordinary shares issuable upon exercise of the Public Warrants and a current prospectus relating to them is available and such shares are registered, qualified or exempt from registration under the securities laws of the state of residence of the holder (or the Company permit holders to exercise their warrants on a cashless basis under certain circumstances). The Company has agreed that as soon as practicable, but in no event later than 45 business days after the closing of the initial Business Combination, the Company will use commercially reasonable efforts to file with the SEC and have an effective registration statement covering the Class A ordinary shares issuable upon exercise of the warrants and to maintain a current prospectus relating to those Class A ordinary shares until the warrants expire or are redeemed, as specified in the warrant agreement. If a registration statement covering the Class A ordinary shares issuable upon exercise of the warrants is not effective by the 60th day after the closing of the initial Business Combination, warrant holders may, until such time as there is an effective registration statement and during any period when the Company will have failed to maintain an effective registration statement, exercise warrants on a "cashless basis" in accordance with Section 3(a)(9) of the Securities Act or another exemption. Notwithstanding the above, if the Class A ordinary shares are at the time of any exercise of a warrant not listed on a national securities exchange such that they satisfy the definition of a "covered security" under Section 18(b)(1) of the Securities Act, the Company may, at its option, require holders of Public

JATT ACQUISITION CORP
NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS

Warrants who exercise their warrants to do so on a “cashless basis” and, in the event the Company so elects, the Company will not be required to file or maintain in effect a registration statement, and in the event the Company does not so elect, it will use commercially reasonable efforts to register or qualify the shares under applicable blue sky laws to the extent an exemption is not available.

The warrants have an exercise price of \$11.50 per share, subject to adjustments, and will expire five years after the completion of a Business Combination or earlier upon redemption or liquidation. In addition, if (x) the Company issues additional Class A ordinary shares or equity-linked securities for capital raising purposes in connection with the closing of the initial Business Combination at an issue price or effective issue price of less than \$9.20 per Class A ordinary share (with such issue price or effective issue price to be determined in good faith by the board of directors and, in the case of any such issuance to the initial shareholders or their affiliates, without taking into account any Founder Shares held by the initial shareholders or such affiliates, as applicable, prior to such issuance) (the “Newly Issued Price”), (y) the aggregate gross proceeds from such issuances represent more than 60% of the total equity proceeds, and interest thereon, available for the funding of the initial Business Combination on the date of the consummation of the initial Business Combination (net of redemptions), and (z) the volume weighted average trading price of the Class A ordinary shares during the 10 trading day period starting on the trading day prior to the day on which the Company consummates its initial Business Combination (such price, the “Market Value”) is below \$9.20 per share, then the exercise price of the warrants will be adjusted (to the nearest cent) to be equal to 115% of the higher of the Market Value and the Newly Issued Price, and the \$18.00 per share redemption trigger prices described under “Redemption of warrants when the price per Class A ordinary share equals or exceeds \$18.00” and “Redemption of warrants when the price per Class A ordinary share equals or exceeds \$10.00” will be adjusted (to the nearest cent) to be equal to 180% of the higher of the Market Value and the Newly Issued Price, and the \$10.00 per share redemption trigger price described under “Redemption of warrants when the price per Class A ordinary share equals or exceeds \$10.00” will be adjusted (to the nearest cent) to be equal to the higher of the Market Value and the Newly Issued Price.

The Private Placement Warrants are identical to the Public Warrants underlying the Units sold in the Proposed Public Offering, except that the Private Placement Warrants and the Class A ordinary shares issuable upon exercise of the Private Placement Warrants will not be transferable, assignable or salable until 30 days after the completion of a Business Combination, subject to certain limited exceptions. Additionally, the Private Placement Warrants will be non-redeemable so long as they are held by the initial purchasers or such purchasers’ permitted transferees. If the Private Placement Warrants are held by someone other than the Initial Shareholders or their permitted transferees, the Private Placement Warrants will be redeemable by the Company and exercisable by such holders on the same basis as the Public Warrants.

Redemption of warrants when the price per Class A ordinary share equals or exceeds \$18.00: Once the warrants become exercisable, the Company may redeem the outstanding warrants (except as described herein with respect to the Private Placement Warrants):

- in whole and not in part;
- at a price of \$0.01 per warrant;
- upon a minimum of 30 days’ prior written notice of redemption to each warrant holder; and
- if, and only if, the last reported sale price (the “closing price”) of Class A ordinary shares equals or exceeds \$18.00 per share (as adjusted) for any 20 trading days within a 30-trading day period ending on the third trading day prior to the date on which the Company sends the notice of redemption to the warrant holders.

The Company will not redeem the warrants as described above unless a registration statement under the Securities Act covering the Class A ordinary shares issuable upon exercise of the warrants is then effective and a current prospectus relating to those Class A ordinary shares is available throughout the 30-day redemption period.

In no event will the Company be required to net cash settle any warrant. If the Company is unable to complete a Business Combination within the Combination Period and the Company liquidates the funds held in the Trust Account, holders of warrants will not receive any of such funds with respect to their warrants, nor will they receive any distribution

from the Company's assets held outside of the Trust Account with the respect to such warrants. Accordingly, the warrants may expire worthless.

NOTE 10 — FAIR VALUE MEASUREMENTS

The following tables presents information about the Company's financial assets and liabilities that are measured at fair value on a recurring basis as of September 30, 2021, by level within the fair value hierarchy:

Description	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Other Unobservable Inputs (Level 3)
Assets:			
Investments held in Trust Account - U.S. Treasury Securities	\$ 139,386,919	\$ —	\$ —
Liabilities:			
Derivative warrant liabilities - Public Warrants	\$ 4,140,000	\$ —	\$ —
Derivative warrant liabilities - Private Warrants	\$ —	\$ —	\$ 3,546,000

Transfers to/from Levels 1, 2, and 3 are recognized at the beginning of the reporting period. The estimated fair value of the Public Warrants transferred from a Level 3 fair value measurement to a Level 1 fair value measurement, when the Public Warrants were separately listed and traded in September 2021.

Level 1 instruments include investments in U.S Treasury securities. The Company uses inputs such as actual trade data, benchmark yields, quoted market prices from dealers or brokers, and other similar sources to determine the fair value of its investments.

The fair value of the Public Warrants as of September 30, 2021, was measured utilizing the Level 1 input of the observable listed trading price for such warrants. The fair value of the Public Warrants and the Private Placement Warrants were initially measured at fair value using a Black-Scholes option pricing model and a Monte Carlo simulation. The fair value of the Private Placement Warrants continues to be measured using a Black-Scholes simulation model. Inherent in a Monte Carlo simulation model are assumptions related to expected stock-price volatility, expected life, risk-free interest rate and dividend yield. The Company estimates the volatility of its common stock warrants based on implied volatility from the Company's traded warrants and from historical volatility of select peer company's common stock that matches the expected remaining life of the warrants. The risk-free interest rate is based on the U.S. Treasury zero-coupon yield curve on the grant date for a maturity similar to the expected remaining life of the warrants. The expected life of the warrants is assumed to be equivalent to their remaining contractual term. The dividend rate is based on the historical rate, which the Company anticipates remaining at zero.

The following table provides quantitative information regarding Level 3 fair value measurements inputs used to estimate fair value of the warrants at their measurement dates:

	<u>At initial issuance</u>	<u>As of September 30, 2021</u>
Exercise price	\$ 11.50	\$ 11.50
Stock price	\$ 9.34	\$ 9.86
Volatility	23.0 %	11.2 %
Term (years)	5	5
Risk-free rate	0.07% - 1.10 %	1.28 %
Dividend yield	0.0 %	0.0 %

Certain information contained in the discussion and analysis set forth below includes forward-looking statements that involve risks and uncertainties.

Cautionary Note Regarding Forward-Looking Statements

This Quarterly Report on Form 10-Q includes forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the “Securities Act”), and Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). We have based these forward-looking statements on our current expectations and projections about future events. These forward-looking statements are subject to known and unknown risks, uncertainties and assumptions about us that may cause our actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed or implied by such forward-looking statements. In some cases, you can identify forward-looking statements by terminology such as “may,” “should,” “could,” “would,” “expect,” “plan,” “anticipate,” “believe,” “estimate,” “continue,” or the negative of such terms or other similar expressions. Factors that might cause or contribute to such a discrepancy include, but are not limited to, those described in our other U.S. Securities and Exchange Commission (“SEC”) filings.

Overview

We are a blank check company incorporated as a Cayman Islands exempted company on March 10, 2021. We were incorporated for the purpose of effecting a Business Combination.

Our Sponsor is JATT Ventures, L.P., a Cayman Islands exempted limited partnership. The registration statement for our Initial Public Offering was declared effective on July 13, 2021. On July 16, 2021, we consummated the Initial Public Offering of 12,000,000 units (the “Units” and, with respect to the Class A ordinary shares included in the Units being offered, the “Public Shares”), at \$10.00 per Unit, generating gross proceeds of \$120.0 million, and incurring offering costs of approximately \$5.8 million (net of reimbursement from underwriter of \$480,000), of which approximately \$3.4 million and approximately \$331,000 was for deferred underwriting commissions and offering costs allocated to derivate warrant liabilities, respectively. On July 19, 2021, the underwriters fully exercised their option and purchased 1,800,000 additional Units, generating gross proceeds of \$18.0 million (the “Over-Allotment”), and incurring offering costs of \$990,000, of which \$630,000 was for deferred underwriting commissions.

Simultaneously with the closing of the Initial Public Offering, we consummated the Private Placement of 5,370,000 Private Placement Warrants, at a price of \$1.00 per Private Placement Warrant to the Sponsor, generating proceeds of approximately \$5.4 million. Concurrent with the consummation of the Over-Allotment on July 19, 2021, the Sponsor purchased 540,000 additional Private Placement Warrants, generating proceeds of \$540,000 in the Second Private Placement.

Upon the closing of the Initial Public Offering and the Private Placement on July 16, 2021, and the Over-Allotment and Second Private Placement on July 16, 2021, approximately \$139.4 million (\$10.10 per Unit) of the net proceeds of the Initial Public Offering and the Private Placement was placed in a Trust Account with Continental Stock Transfer & Trust Company acting as trustee and invested in United States “government securities” within the meaning of Section 2(a)(16) of the Investment Company Act having a maturity of 185 days or less or in money market funds meeting certain conditions under Rule 2a-7 promulgated under Investment Company Act of 1940, as amended, (the “Investment Company Act”), which invest only in direct U.S. government treasury obligations, as determined by us, until the earlier of: (i) the completion of a Business Combination and (ii) the distribution of the Trust Account as described below.

Our management has broad discretion with respect to the specific application of the net proceeds of its Initial Public Offering and the sale of Private Placement Warrants, although substantially all of the net proceeds are intended to be applied generally toward consummating a Business Combination.

If we are unable to complete a Business Combination within 18 months from the closing of the Initial Public Offering, or January 16, 2023 (the “Combination Period”), we will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem the Public Shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account, including interest earned on the funds held in the Trust Account (less taxes payable and up to \$100,000 of interest to pay dissolution expenses), divided by the number of then outstanding Public Shares, which redemption will completely extinguish Public Shareholder’s rights as shareholders (including the right to receive further liquidating distributions, if any) and (iii) as promptly as reasonably possible following such redemption, subject to the approval of the remaining shareholders and the board of directors, liquidate and dissolve, subject, in the case of clauses (ii) and (iii), our obligation under Cayman Islands law to provide for claims of creditors and in all cases subject to the other requirements of applicable law.

Liquidity and Capital Resources

As of September 30, 2021, the Company had approximately \$987,000 in its operating bank account and working capital of approximately \$1.4 million.

Our liquidity needs prior to the consummation of the Initial Public Offering were satisfied through the cash contribution of \$25,000 from the Sponsor to purchase Founder Shares, and the loan from the Sponsor of approximately \$117,000 under the Note. We repaid the Note in full on July 21, 2021. Subsequent to the consummation of the Initial Public Offering, our liquidity has been satisfied through the net proceeds from the consummation of the Initial Public Offering and the Private Placement held outside of the Trust Account. In addition, in order to finance transaction costs in connection with a Business Combination, the Sponsor or an affiliate of the Sponsor, or certain of our officers and directors may, but are not obligated to, provide us with Working Capital Loans. To date, there were no amounts outstanding under any Working Capital Loan.

Based on the foregoing, management believes that we will have sufficient working capital and borrowing capacity to meet its needs through the earlier of the consummation of a Business Combination or one year from this filing. Over this time period, we will be using the funds held outside of the Trust Account for paying existing accounts payable, identifying and evaluating prospective initial Business Combination candidates, performing due diligence on prospective target businesses, paying for travel expenditures, selecting the target business to merge with or acquire, and structuring, negotiating and consummating the Business Combination.

Results of Operations

Our entire activity from March 10, 2021 (inception) through September 30, 2021, was in preparation for an Initial Public Offering, and since our Initial Public Offering, our activity has been limited to the search for a prospective initial Business Combination. We will not generate any operating revenues until the closing and completion of our initial Business Combination.

For the three months ended September 30, 2021, we had net income of approximately \$6.1 million which consisted of an approximately \$8.6 million gain from the change in fair value of derivative warrant liabilities and income from investments held in the Trust Account of approximately \$7,000, partially offset by approximately \$242,000 in general and administrative expense, approximately \$80,000 of general and administrative related party expenses, approximately \$451,000 of offering costs associated with derivative warrant liabilities, and loss upon issuance of private placement warrants of \$1.8 million.

For the period from March 10, 2021 (inception) through September 30, 2021, we had net income of approximately \$6.0 million which consisted of an approximately \$8.6 million gain from the change in fair value of derivative warrant liabilities and income from investments held in the Trust Account of approximately \$7,000, partially offset by approximately \$294,000 in general and administrative expense, approximately \$80,000 of general and administrative related party expenses, approximately \$451,000 of offering costs associated with derivative warrant liabilities, and loss upon issuance of private placement warrants of \$1.8 million.

Contractual Obligations

Registration and Shareholder Rights

The holders of the Founder Shares, Private Placement Warrants and warrants that may be issued upon conversion of Working Capital Loans (and any Class A ordinary shares issuable upon the exercise of the Private Placement Warrants and warrants that may be issued upon conversion of Working Capital Loans) are entitled to registration rights pursuant to a registration and shareholder rights agreement. The holders of these securities are entitled to make up to three demands, excluding short form demands, that we register such securities. In addition, the holders have certain “piggy-back” registration rights with respect to registration statements filed subsequent to the completion of the initial Business Combination. We will bear the expenses incurred in connection with the filing of any such registration statements.

Underwriting Agreement

We granted the underwriter a 45-day option from the date of the Initial Public Offering to purchase up to 1,800,000 additional Units at the Initial Public Offering price less the underwriting discounts and commissions. The underwriter fully exercised its over-allotment option on July 19, 2021.

The underwriter was paid an underwriting discount of \$0.20 per unit, or approximately \$2.4 million in the aggregate upon the closing of the Initial Public Offering. In addition, we received a reimbursement from the underwriter of \$480,000 to cover for certain offering expenses.

In addition, \$0.35 per unit, or approximately \$3.4 million in the aggregate (net of the reimbursement from the underwriter of \$820,000 from the deferred commissions for business combination expenses) will be payable to the underwriter for deferred underwriting commissions. The deferred fee will become payable to the underwriter from the amounts held in the Trust Account solely in the event that that we complete a Business Combination, subject to the terms of the underwriting agreement.

In connection with the consummation of the Over-Allotment on July 19, 2021, the underwriter was paid an additional fee of \$360,000 and an additional amount of approximately \$0.9 million is payable in deferred underwriting commissions.

Support Agreement and Services

We agreed to pay our Sponsor a total of \$10,000 per month, commencing on the date of listing on the NYSE, for office space, utilities, secretarial and administrative support services provided to members of the management team. Upon completion of the initial Business Combination or our liquidation, we will cease paying these monthly fees. For the three months ended September 30, 2021, and the period from March 10, 2021 (inception) through September 30, 2021, we incurred approximately \$30,000 and \$30,000 in such fees, included as general and administrative expenses on the unaudited condensed statement of operations. Approximately \$10,000 of such fees have been prepaid and are included as due from related party on the condensed balance sheet.

An affiliate of our Sponsor and CFO provides office space and consulting services to us. For the three months ended September 30, 2021, and for the period from March 10, 2021 (inception) through September 30, 2021, the Company incurred fees for services of \$55,000, included as general and administrative fees – related party on the condensed statement of operations. There is no balance due for these services as of September 30, 2021.

Critical Accounting Policies and Estimates

This management’s discussion and analysis of our financial condition and results of operations is based on our unaudited condensed financial statements, which have been prepared in accordance with U.S. GAAP. The preparation of these financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses and the disclosure of contingent assets and liabilities in our financial statements. On an ongoing basis, we evaluate our estimates and judgments, including those related to fair value of financial instruments and accrued expenses. We base our estimates on historical experience, known trends and events and various other factors that we

believe to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions. We have identified the following as our critical accounting policies:

Derivative Financial Instruments

We do not use derivative instruments to hedge exposures to cash flow, market, or foreign currency risks. We evaluate all of our financial instruments, including issued share purchase warrants, to determine if such instruments are derivatives or contain features that qualify as embedded derivatives, pursuant to ASC 480 and 815, “Derivatives and Hedging” (“ASC 815”). The classification of derivative instruments, including whether such instruments should be recorded as liabilities or as equity, is re-assessed at the end of each reporting period.

The warrants issued in connection with the Initial Public Offering (the “Public Warrants”) and the Private Placement Warrants are recognized as derivative liabilities in accordance with ASC 815. Accordingly, we recognize the warrant instruments as liabilities at fair value and adjust the instruments to fair value at each reporting period. The liabilities are subject to re-measurement at each balance sheet date until exercised, and any change in fair value is recognized in the Company’s statement of operations. The fair value of the Public Warrants issued in connection with the Public Offering were initially measured at fair value using a Black-Scholes simulation model, and subsequently measured at their listed trading price since they began to be separately listed and traded beginning in September 2021. The fair value of the Private Placement Warrants was initially and subsequently measured at fair value using a Black-Scholes simulation model. Derivative warrant liabilities are classified as non-current liabilities as their liquidation will not be reasonably expected to require the use of current assets or require the creation of current liabilities.

Net Income (Loss) Per Share of Ordinary Share

We comply with accounting and disclosure requirements of FASB ASC Topic 260, “Earnings Per Share.” The Company has two classes of shares, which are referred to as Class A ordinary shares and Class B ordinary shares. Income and losses are shared pro rata between the two classes of shares. Net income (loss) per ordinary share is calculated by dividing the net income (loss) by the weighted average ordinary shares outstanding for the respective period.

The calculation of diluted net income per share does not consider the effect of the warrants issued in connection with the Initial Public Offering (including exercise of the over-allotment option) and the Private Placement to purchase an aggregate of 12,810,000 ordinary shares because their exercise is contingent upon future events and. The number of weighted average Class B ordinary shares for calculating basic net income per ordinary share was reduced for the effect of an aggregate of 450,000 Class B ordinary shares that were subject to forfeiture if the over-allotment option was not exercised in full or part by the underwriters (see Note 4). Since the contingency was satisfied as of September 30, 2021, the Company included these shares in the weighted average number as of the beginning of the period to determine the dilutive impact of these shares. Accretion associated with the redeemable Class A ordinary shares is excluded from earnings per share as the redemption value approximates fair value.

Class A Ordinary Shares Subject to Possible Redemption

We account for our Class A ordinary shares subject to possible redemption in accordance with the guidance in ASC 480. Class A ordinary shares subject to mandatory redemption (if any) is classified as liability instruments and are measured at fair value. Conditionally redeemable Class A ordinary shares (including Class A ordinary shares that features redemption rights that are either within the control of the holder or subject to redemption upon the occurrence of uncertain events not solely within the Company’s control) are classified as temporary equity. At all other times, Class A ordinary shares is classified as shareholders’ equity. Our Class A ordinary shares feature certain redemption rights that are considered to be outside of our control and subject to the occurrence of uncertain future events. As of September 30, 2021, 13,800,000 shares of Class A ordinary shares are subject to possible redemption and are presented at redemption value as temporary equity, outside of the shareholders’ equity section of our condensed balance sheets.

Effective with the closing of the Initial Public Offering (including exercise of the over-allotment option), we recognized the accretion from initial book value to redemption amount, which resulted in charges against additional paid-in capital (to the extent available) and accumulated deficit.

Recent Accounting Pronouncements

In August 2020, the FASB issued ASU No. 2020-06, Debt-Debt with Conversion and Other Options (Subtopic 470-20) and Derivatives and Hedging-Contracts in Entity's Own Equity (Subtopic 815-40): Accounting for Convertible Instruments and Contracts in an Entity's Own Equity ("ASU 2020-06"), which simplifies accounting for convertible instruments by removing major separation models required under current GAAP. The ASU also removes certain settlement conditions that are required for equity-linked contracts to qualify for the derivative scope exception, and it simplifies the diluted earnings per share calculation in certain areas. We adopted ASU 2020-06 on March 10, 2021 (inception). Adoption of the ASU did not impact our financial position, results of operations or cash flows.

Management does not believe that any other recently issued, but not yet effective, accounting pronouncements, if currently adopted, would have a material effect on our unaudited condensed financial statements.

Off-Balance Sheet Arrangements

As of September 30, 2021, we did not have any off-balance sheet arrangements as defined in Item 303(a)(4)(ii) of Regulation S-K and did not have any commitments or contractual obligations.

JOBS Act

On April 5, 2012, the JOBS Act was signed into law. The JOBS Act contains provisions that, among other things, relax certain reporting requirements for qualifying public companies. We will qualify as an "emerging growth company" and under the JOBS Act will be allowed to comply with new or revised accounting pronouncements based on the effective date for private (not publicly traded) companies. We are electing to delay the adoption of new or revised accounting standards, and as a result, we may not comply with new or revised accounting standards on the relevant dates on which adoption of such standards is required for non-emerging growth companies. As such, our financial statements may not be comparable to companies that comply with public company effective dates.

Additionally, we are in the process of evaluating the benefits of relying on the other reduced reporting requirements provided by the JOBS Act. Subject to certain conditions set forth in the JOBS Act, if, as an "emerging growth company," we choose to rely on such exemptions we may not be required to, among other things, (i) provide an auditor's attestation report on our system of internal controls over financial reporting pursuant to Section 404, (ii) provide all of the compensation disclosure that may be required of non-emerging growth public companies under the Dodd-Frank Wall Street Reform and Consumer Protection Act, (iii) comply with any requirement that may be adopted by the PCAOB regarding mandatory audit firm rotation or a supplement to the auditor's report providing additional information about the audit and the financial statements (auditor discussion and analysis) and (iv) disclose certain executive compensation related items such as the correlation between executive compensation and performance and comparisons of the CEO's compensation to median employee compensation. These exemptions will apply for a period of five years following the completion of our Initial Public Offering or until we are no longer an "emerging growth company," whichever is earlier.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

We are a smaller reporting company as defined by Rule 12b-2 of the Exchange Act and are not required to provide the information otherwise required under this item.

The net proceeds of the Initial Public Offering, including amounts in the Trust Account, will be invested in U.S. government securities with a maturity of 185 days or less or in money market funds that meet certain conditions under Rule 2a-7 under the Investment Company Act of 1940, as amended, that invest only in direct U.S. government treasury obligations. Due to the short-term nature of these investments, we believe there will be no associated material exposure to interest rate risk.

We have not engaged in any hedging activities since our inception and we do not expect to engage in any hedging activities with respect to the market risk to which we are exposed.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

Under the supervision and with the participation of our management, including our chief executive officer and chief financial officer, we conducted an evaluation of the effectiveness of our disclosure controls and procedures as of the end of the fiscal quarter ended September 30, 2021, as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act. Based on this evaluation, our chief executive officer and chief financial officer have concluded that during the period covered by this report, our disclosure controls and procedures were not effective as of September 30, 2021, because of a material weakness in our internal control over accounting for complex financial instruments. As such there is a reasonable possibility that a material misstatement of the Company's annual or interim financial statements will not be prevented or detected on a timely basis. Specifically, and in light of recent comment letters issued by the SEC to several special purpose acquisition companies, the Company's management has concluded that our control around the interpretation and accounting for certain complex features of the Class A ordinary shares issued by the Company was not effectively designed or maintained. This material weakness has resulted in the restatement of the Company's balance sheet as of July 16, 2021, which was included in Form 8-K filed with the Securities and Exchange Commission on July 22, 2021, and could result in a misstatement of the Class A ordinary shares and related accounts and disclosures that would result in a material misstatement of our financial statements that would not be prevented or detected on a timely basis.

Disclosure controls and procedures are designed to ensure that information required to be disclosed by us in our Exchange Act reports is recorded, processed, summarized, and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management, including our principal executive officer and principal financial officer or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure.

Changes in Internal Control over Financial Reporting

There was no change in our internal control over financial reporting that occurred during the fiscal quarter ended September 30, 2021, covered by this Quarterly Report on Form 10-Q that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting except for the below:

Our chief executive officer and chief financial officer performed additional accounting and financial analyses and other post-closing procedures including consulting with subject matter experts related to the accounting for certain complex features of the Class A ordinary shares. The Company's management has expended, and will continue to expend, a substantial amount of effort and resources for the remediation and improvement of our internal control over financial reporting. While we believe that we have processes to identify and evaluate properly the appropriate accounting technical pronouncements and other literature for all significant or unusual transactions, we have expanded and will continue to improve these processes to ensure that the nuances of such transactions are effectively evaluated in the context of the increasingly complex accounting standards.

PART II—OTHER INFORMATION

Item 1. Legal Proceedings

None.

Item 1A. Risk Factors

Factors that could cause our actual results to differ materially from those in this report include the risk factors described in our final prospectus for our Initial Public Offering filed with the SEC on July 14, 2021. As of the date of this Report, there have been no material changes to the risk factors disclosed in our final prospectus for its Initial Public Offering filed with the SEC.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

On March 22, 2021, our Sponsor purchased 4,312,500 founder shares (“Founder Shares”), which are Class B ordinary shares, for an aggregate purchase price of \$25,000, or approximately \$0.006 per share. On June 14, 2021, our Sponsor effected a surrender of 862,500 Class B ordinary shares to us for no consideration, resulting in a decrease in the total number of Class B ordinary shares outstanding from 4,312,500 to 3,450,000. The holders of the Founder Shares agreed to surrender and cancel up to an aggregate of 450,000 Founder Shares, on a pro rata basis, to the extent that the option to purchase additional Units was not exercised in full by the underwriters. The underwriters fully exercised their over-allotment option on July 19, 2021; therefore, these 450,000 Founder Shares were no longer subject to possible redemption. Such shares were issued in connection with our organization pursuant to the exemption from registration contained in Section 4(2) of the Securities Act. The Sponsor is an accredited investor for purposes of Rule 501 of Regulation D. Each of the equity holders in our Sponsor is an accredited investor under Rule 501 of Regulation D.

Simultaneously with the closing of the Initial Public Offering, we consummated the Private Placement of 5,370,000 Private Placement Warrants, at a price of \$1.00 per Private Placement Warrant to our Sponsor, generating proceeds of approximately \$5.4 million. Concurrent with the consummation of the Over-Allotment on July 19, 2021, our Sponsor purchased 540,000 additional Private Placement Warrants, generating proceeds of \$540,000. These issuances were made pursuant to the exemption from registration contained in Section 4(a)(2) of the Securities Act and no underwriting discounts or commissions were paid with respect to such sale.

On August 5, 2021, we entered into Forward Purchase Agreements with Athanor Master Fund, LP and Athanor International Master Fund, LP (collectively, the “Forward Purchasers”), pursuant to which the Forward Purchasers have agreed to purchase an aggregate of 7,500,000 Class A ordinary shares at \$10.00 per share (“Forward Purchase Shares”), in one or more private placements that will occur no later than simultaneously with the closing of our initial business combination. These issuances will be made pursuant to the exemption from registration contained in Section 4(a)(2) of the Securities Act. The Forward Purchasers are accredited investors for purposes of Rule 501 of Regulation D under the Securities Act.

No underwriting discounts or commissions were paid with respect to such private sales.

Upon the closing of the Initial Public Offering and the Private Placement on July 16, 2021, and the Over-Allotment and Second Private Placement on July 16, 2021, approximately \$139.4 million (\$10.10 per Unit) of the net proceeds of the Initial Public Offering and the Private Placement was placed in a Trust Account with Continental Stock Transfer & Trust Company acting as trustee and invested in United States “government securities” within the meaning of Section 2(a)(16) of the Investment Company Act having a maturity of 185 days or less or in money market funds meeting certain conditions under Rule 2a-7 promulgated under Investment Company Act of 1940, as amended.

There has been no material change in the planned use of the proceeds from our Initial Public offering and the Private Placement as is described in the Company’s final prospectus related to our Initial Public Offering filed with the SEC on July 14, 2021.

On March 22, 2021, our Sponsor agreed to loan us up to \$200,000 pursuant to the Note. The Note was non-interest bearing, unsecured and due on the closing date of the Initial Public Offering. We borrowed approximately \$117,000 under the Note. We repaid the Note in full on July 21, 2021. As of September 30, 2021, there was no balance outstanding.

Item 5. Other Information

Non-Reliance on Previously Issued Financial Statements or Related Audit Report or Completed Interim Report.

As described in Note 2 above, in light of recent comment letters issued by the SEC to several special purpose acquisition companies, the Company's management concluded it should restate its financial statement to classify all of its Class A ordinary shares subject to possible redemption in temporary equity. In accordance with the SEC and its staff's guidance on redeemable equity instruments, ASC 480, paragraph 10-S99, redemption provisions not solely within the control of the Company require ordinary shares subject to redemption to be classified outside of permanent equity. The Company had previously classified a portion of its Class A ordinary shares in permanent equity, or total shareholders' equity. Although the Company did not specify a maximum redemption threshold, its charter currently provides that, the Company will not redeem its public shares in an amount that would cause its net tangible assets to be less than \$5,000,001. Previously, the Company did not consider redeemable ordinary shares classified as temporary equity as part of net tangible assets. Effective with these financial statements, the Company revised this interpretation to include temporary equity in net tangible assets. Accordingly, effective with this filing, the Company presents all redeemable Class A ordinary shares as temporary equity and recognized accretion from the initial book value to redemption value at the time of its Initial Public Offering and in accordance with ASC 480.

Therefore, the Company's balance sheet included on the Company's Form 8-K, as filed with the SEC on July 16, 2021, should no longer be relied upon because certain redemption provisions not solely within the control of the Company require ordinary shares subject to redemption to be classified outside of permanent equity. The Company had previously classified a portion of the Class A ordinary shares in permanent equity.

It is noted that the non-cash adjustments to the financial statement do not impact the amounts previously reported for our cash and cash equivalents, our investments held in the trust account, or total assets. In light of this material weakness, we performed additional analysis as deemed necessary to ensure that our unaudited interim financial statements were prepared in accordance with U.S. generally accepted accounting principles.

The Company's management and the Audit Committee have discussed the matters disclosed in this Quarterly Report on Form 10-Q with Marcum LLP the Company's independent registered public accounting firm.

Recitals

WHEREAS, the Company was incorporated for the purpose of effecting a merger, capital stock exchange, asset acquisition, stock purchase, reorganization or similar business combination with a business (a "Business Combination");

WHEREAS, the parties wish to enter into this Agreement, pursuant to which concurrently with the closing of the Company's initial Business Combination (the "Business Combination Closing"), the Company shall issue and sell to the Purchaser, and the Purchaser shall purchase from the Company, on a private placement basis, 2,253,750 Class A shares (the "Forward Purchase Shares") for \$10.00 per Forward Purchase Share, or an aggregate purchase price of \$22,537,500;

NOW, THEREFORE, in consideration of the premises, representations, warranties and the mutual covenants contained in this Agreement, and for other good and valuable consideration, the receipt, sufficiency and adequacy of which are hereby acknowledged, the parties hereto agree as follows:

Agreement**1. Sale and Purchase of Shares.****(a) Forward Purchase Shares.**

(i) Subject to the terms and conditions set forth herein, the Company shall issue and sell to the Purchaser, and the Purchaser shall purchase from the Company, 2,253,750 Forward Purchase Shares for a purchase price of \$10.00 per Forward Purchase Company Share (the "Forward Purchase Price"), or \$22,537,500 in the aggregate.

(ii) At least ten (10) Business Days before the Business Combination Closing, the Company shall provide the Purchaser with a notice (the "Notice") including:

- A. The anticipated Business Combination Closing date; and
- B. Instructions for wiring of the Forward Purchase Price.

(iii) The closing of the sale of Forward Purchase Shares (the "Forward Closing") shall be held on the same date and concurrently with the Business Combination Closing; provided, that at the Purchaser's request, the Forward Closing may occur up to five (5) Business Days prior the Business Combination Closing (such date being referred to as the "Forward Closing Date"). At least three (3) Business Days prior to the Forward Closing Date, the Purchaser shall deliver the Forward Purchase Price for the Forward Purchase Shares by wire transfer of U.S. dollars in immediately available funds to an account specified in the Notice to be held in escrow until the Forward Closing. Immediately prior to the Forward Closing on the Forward Closing Date, (A) the Forward Purchase Price shall be released from escrow automatically and without further action by the Company or the Purchaser, and (B) upon such

release, the Company shall issue the Forward Purchase Shares to the Purchaser in book-entry form, free and clear of any liens, registered in the name of the Purchaser (or its nominee in accordance with its delivery instructions), or to a custodian designated by the Purchaser, as applicable. In the event the Business Combination Closing does not occur within ten (10) Business Days of the date scheduled for closing, the Forward Closing shall not occur and the Company shall promptly (but not later than one (1) Business Day thereafter) return the Forward Purchase Price to the Purchaser; provided that the return of the Forward Purchase Price placed in escrow shall not terminate this Agreement or otherwise relieve either party of any of its obligations hereunder and the Company may provide a subsequent Notice pursuant to Section 1(a)(iii). For purposes of this Agreement, "Business Day" means any day, other than a Saturday or a Sunday, that is neither a legal holiday nor a day on which banking institutions are generally authorized or required by law or regulation to close in the City of New York, New York.

(b) Legends. Each register and book entry for the Forward Purchase Shares shall contain a notation, and each certificate (if any) evidencing the Forward Purchase Shares shall be stamped or otherwise imprinted with a legend, in substantially the following form:

"THE SECURITIES REPRESENTED HEREBY HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, OR THE SECURITIES LAWS OF ANY STATE OR OTHER JURISDICTION, AND MAY NOT BE TRANSFERRED IN VIOLATION OF SUCH ACT AND LAWS. THE SALE, PLEDGE, HYPOTHECATION, OR TRANSFER OF THE SECURITIES REPRESENTED HEREBY ARE SUBJECT TO THE TERMS AND CONDITIONS OF A CERTAIN FORWARD PURCHASE AGREEMENT BY AND BETWEEN THE HOLDER AND THE COMPANY. COPIES OF SUCH AGREEMENT MAY BE OBTAINED UPON WRITTEN REQUEST TO THE SECRETARY OF THE COMPANY."

2. Representations and Warranties of the Purchaser. The Purchaser represents and warrants to the Company as follows, as of the date hereof:

(a) Organization and Power. The Purchaser is duly organized, validly existing, and in good standing under the laws of the jurisdiction of its formation and has all requisite power and authority to carry on its business as presently conducted and as proposed to be conducted.

(b) Authorization. The Purchaser has full power and authority to enter into this Agreement. This Agreement, when executed and delivered by the Purchaser, will constitute the valid and legally binding obligation of the Purchaser, enforceable against the Purchaser in accordance with its terms, except (i) as limited by applicable bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance and any other laws of general application affecting enforcement of creditors' rights generally, (ii) as limited by laws relating to the availability of specific performance, injunctive relief or other equitable remedies, or (iii) to the extent the indemnification provisions contained in the Registration Rights (as defined below) may be limited by applicable federal or state securities laws.

(c) Governmental Consents and Filings. No consent, approval, order or authorization of, or registration, qualification, designation, declaration or filing with, any federal, state or local governmental authority is required on the part of the Purchaser in connection with the consummation of the transactions contemplated by this Agreement.

(d) Compliance with Other Instruments. The execution, delivery and performance by the Purchaser of this Agreement and the consummation by the Purchaser of the transactions contemplated by this Agreement will not result in any violation or default (i) of any provisions of its organizational documents, (ii) of any instrument, judgment, order, writ or decree to which it is a party or by which it is bound, (iii) under any note, indenture or mortgage to which it is a party or by which it is bound, (iv) under any lease, agreement, contract or purchase order to which it is a party or by which it is bound or (v) of any provision of federal or state statute, rule or regulation applicable to the Purchaser, in each case (other than clause (i)), which would have a material adverse effect on the Purchaser or its ability to consummate the transactions contemplated by this Agreement.

(e) Purchase Entirely for Own Account. This Agreement is made with the Purchaser in reliance upon the Purchaser's representation to the Company, which by the Purchaser's execution of this Agreement, the Purchaser hereby confirms, that the Forward Purchase Shares to be acquired by the Purchaser will be acquired for investment for the Purchaser's own account or for the account of funds managed by the Purchaser, not as a nominee or agent, and not with a view to the resale or distribution of any part thereof in violation of any state or federal securities laws, and that the Purchaser has no present intention of selling, granting any participation in, or otherwise distributing the same in violation of law. By executing this Agreement, the Purchaser further represents that the Purchaser does not presently have any contract, undertaking, agreement or arrangement with any Person to sell, transfer or grant participations to such Person or to any third Person, with respect to the Forward Purchase Shares. For purposes of this Agreement, "Person" means an individual, a limited liability company, a partnership, a joint venture, a corporation, a trust, an unincorporated organization, any other entity or any government or any department or agency thereof. Person does not include any affiliated entity of Purchaser.

(f) Disclosure of Information. The Purchaser has had an opportunity to discuss the Company's business, management, financial affairs and the terms and conditions of the offering of the Forward Purchase Shares with the Company's management.

(g) Restricted Securities. The Purchaser understands that the offer and sale of the Forward Purchase Shares to the Purchaser has not been, and will not be, registered under the Securities Act of 1933, as amended (the "Securities Act"), by reason of a specific exemption from the registration provisions of the Securities Act which depends upon, among other things, the bona fide nature of the investment intent and the accuracy of the Purchaser's representations as expressed herein. The Purchaser understands that the Forward Purchase Shares are "restricted securities" under applicable U.S. federal and state securities laws and that, pursuant to these laws, the Purchaser must hold the Forward Purchase Shares indefinitely unless they are registered with the SEC and qualified by state authorities, or an exemption from such registration and qualification requirements is available. The Purchaser acknowledges that the Company has no obligation to register or qualify the Forward Purchase Shares for resale, except for the Registration Rights. The Purchaser further acknowledges that if an exemption from registration or qualification is available, it may be conditioned on various requirements including, but not limited to, the time and manner of sale, the holding period for the Forward Purchase Shares, and on requirements relating to the Company which are outside of the Purchaser's control, and which the Company is under no obligation and may not be able to satisfy. The Purchaser acknowledges that the Company has filed the Registration Statement for its proposed IPO. The Purchaser understands that the offering of the Forward Purchase Shares is not, and is not intended to be, part of the Company's IPO, and that the Purchaser will not be able to rely on the protection of Section 11 of the Securities Act with respect to the Forward Purchase Shares.

(h) No Public Market; IPO and Related Transactions. The Purchaser understands that no public market now exists for the Forward Purchase Shares, and that the Company has made no assurances that a public market will ever exist for the Forward Purchase Shares.

(i) High Degree of Risk. The Purchaser understands that its agreement to purchase the Forward Purchase Shares involves a high degree of risk which could cause the Purchaser to lose all or part of its investment.

(j) Accredited Investor. The Purchaser is an accredited investor as defined in Rule 501(a) of Regulation D promulgated under the Securities Act.

(k) No General Solicitation. Neither the Purchaser, nor any of its officers, directors, employees, agents, stockholders or partners has either directly or indirectly, including, through a broker or finder (i) engaged in any general solicitation, or (ii) published any advertisement in connection with the offer and sale of the Forward Purchase Shares.

(l) Residence. The Purchaser's principal place of business is the office or offices located at the address of the Purchaser set forth on the signature page hereof.

(m) Non-Public Information. The Purchaser acknowledges its obligations under applicable securities laws with respect to the treatment of non-public information relating to the Company.

(n) Adequacy of Financing. At the time of the Forward Closing, the Purchaser will have available to it sufficient funds to satisfy its obligations under this Agreement.

(o) No Other Representations and Warranties; Non-Reliance. Except for the specific representations and warranties contained in this Section 2 and in any certificate or agreement delivered pursuant hereto, none of the Purchaser nor any person acting on behalf of the Purchaser nor any of the Purchaser's affiliates (the "Purchaser Parties") has made, makes or shall be deemed to make any other express or implied representation or warranty with respect to the Purchaser and this offering, and the Purchaser Parties disclaim any such representation or warranty. Except for the specific representations and warranties expressly made by the Company in Section 3 of this Agreement and in any certificate or agreement delivered pursuant hereto, the Purchaser Parties specifically disclaim that they are relying upon any other representations or warranties that may have been made by the Company, any person on behalf of the Company or any of the Company's affiliates (collectively, the "Company Parties").

This Agreement, when executed and delivered by the Company, shall constitute the valid and legally binding obligation of the Company, enforceable against the Company in accordance with its terms except (i) as limited by applicable bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance, or other laws of general application relating to or affecting the enforcement of creditors' rights generally, (ii) as limited by laws relating to the availability of specific performance, injunctive relief, or other equitable remedies, or (iii) to the extent the indemnification provisions contained in the Registration Rights may be limited by applicable federal or state securities laws.

(c) Valid Issuance of Securities. The Forward Purchase Shares, when issued, sold and delivered in accordance with the terms and for the consideration set forth in this Agreement, will be validly issued, fully paid and nonassessable, as applicable, and free of all preemptive or similar rights, taxes, liens, encumbrances and charges with respect to the issue thereof and restrictions on transfer other than restrictions on transfer specified under this Agreement, applicable state and federal securities laws and liens or encumbrances created by or imposed by the Purchaser. Assuming the accuracy of the representations of the Purchaser in this Agreement and subject to the filings described in Section 3(d) below, the Forward Purchase Shares will be issued in compliance with all applicable national and state securities laws.

(d) Governmental Consents and Filings. Assuming the accuracy of the representations and warranties made by the Purchaser in this Agreement, no consent, approval, order or authorization of, or registration, qualification, designation, declaration or filing with, any federal, state or local governmental authority is required on the part of the Company in connection with the consummation of the transactions contemplated by this Agreement, except for applicable requirements of the Securities Act, and applicable state securities laws, if any, and pursuant to the Registration Rights.

(e) Compliance with Other Instruments. The execution, delivery and performance of this Agreement and the consummation of the transactions contemplated by this Agreement will not result in any violation or default (i) of any provisions of the Company's Memorandum and Articles of Association, as it may be amended from time to time (the "MAA"), or other governing documents of the Company, (ii) of any instrument, judgment, order, writ or decree to which the Company is a party or by which it is bound, (iii) under any note, indenture or mortgage to which the Company is a party or by which it is bound, (iv) under any lease, agreement, contract or purchase order to which the Company is a party or by which it is bound or (v) of any provision of federal or state statute, rule or regulation applicable to the Company, in each case (other than clause (i)) which would have a material adverse effect on the Company or its ability to consummate the transactions contemplated by this Agreement.

(f) No General Solicitation. Neither the Company, nor any of its officers, directors, employees, agents or stockholders has either directly or indirectly, including, through a broker or finder (i) engaged in any general solicitation, or (ii) published any advertisement in connection with the offer and sale of the Forward Purchase Shares.

(h) No Other Representations and Warranties; Non-Reliance. Except for the specific representations and warranties contained in this Section 3 and in any certificate or agreement delivered pursuant hereto, none of the Company Parties has made, makes or shall be deemed to make any other express or implied representation or warranty with respect to the Company, this offering, or a potential Business Combination, and the Company Parties disclaim any such representation or warranty. Except for the specific representations and warranties expressly made by the Purchaser in Section 2 of this Agreement and in any certificate or agreement delivered pursuant hereto, the Company Parties specifically disclaim that they are relying upon any other representations or warranties that may have been made by the Purchaser Parties.

4. Registration Rights

(a) Registration Rights. The Purchaser has been or will be granted registration rights by the Company with respect to the Forward Purchase Shares pursuant to a registration rights agreement to be entered into with the Company.

The provisions of this Agreement will be deemed severable and the invalidity or unenforceability of any provision will not affect the validity or enforceability of the other provisions hereof; provided, that if any provision of this Agreement, as applied to any party hereto or to any circumstance, is adjudged by a governmental authority, arbitrator, or mediator not to be enforceable in accordance with its terms, the parties hereto agree that the governmental authority, arbitrator, or mediator making such determination will have the power to modify the provision in a manner consistent with its objectives such that it is enforceable, and/or to delete specific words or phrases, and in its reduced form, such provision will then be enforceable and will be enforced.

(n) Expenses. Each of the Company and the Purchaser will bear its own costs and expenses incurred in connection with the preparation, execution and performance of this Agreement and the consummation of the transactions contemplated hereby, including all fees and expenses of agents, representatives, financial advisors, legal counsel and accountants. The Company shall be responsible for the fees of its transfer agent; stamp taxes and all of The Depository Trust Company's fees associated with the issuance of the Forward Purchase Shares.

(o) Construction. The parties hereto have participated jointly in the negotiation and drafting of this Agreement. If an ambiguity or question of intent or interpretation arises, this Agreement will be construed as if drafted jointly by the parties hereto and no presumption or burden of proof will arise favoring or disfavoring any party hereto because of the authorship of any provision of this Agreement. Any reference to any federal, state, local, or foreign law will be deemed also to refer to law as amended and all rules and regulations promulgated thereunder, unless the context requires otherwise. The words "include," "includes," and "including" will be deemed to be followed by "without limitation." Pronouns in masculine, feminine, and neuter genders will be construed to include any other gender, and words in the singular form will be construed to include the plural and vice versa, unless the context otherwise requires. The words "this Agreement," "herein," "hereof," "hereby," "hereunder," and words of similar import refer to this Agreement as a whole and not to any particular subdivision unless expressly so limited. The parties hereto

intend that each representation, warranty, and covenant contained herein will have independent significance. If any party hereto has breached any representation, warranty, or covenant contained herein in any respect, the fact that there exists another representation, warranty or covenant relating to the same subject matter (regardless of the relative levels of specificity) which such party hereto has not breached will not detract from or mitigate the fact that such party hereto is in breach of the first representation, warranty, or covenant.

(p) Waiver. No waiver by any party hereto of any default, misrepresentation, or breach of warranty or covenant hereunder, whether intentional or not, may be deemed to extend to any prior or subsequent default, misrepresentation, or breach of warranty or covenant hereunder or affect in any way any rights arising because of any prior or subsequent occurrence.

(q) Specific Performance. The Purchaser agrees that irreparable damage may occur in the event any provision of this Agreement was not performed by the Purchaser in accordance with the terms hereof and that the Company shall be entitled to specific performance of the terms hereof, in addition to any other remedy at law or equity.

(r) Counterparts; Electronic Execution. This Agreement may be signed in multiple counterparts and each counterpart shall represent a fully executed original as if signed by both Parties. Recitals

WHEREAS, the parties wish to enter into this Agreement, pursuant to which concurrently with the closing of the Company's initial Business Combination (the "Business Combination Closing"), the Company shall issue and sell to the Purchaser, and the Purchaser shall purchase from the Company, on a private placement basis, 5,246,250 Class A shares (the "Forward Purchase Shares") for \$10.00 per Forward Purchase Share, or an aggregate purchase price of \$52,462,500;

NOW, THEREFORE, in consideration of the premises, representations, warranties and the mutual covenants contained in this Agreement, and for other good and valuable consideration, the receipt, sufficiency and adequacy of which are hereby acknowledged, the parties hereto agree as follows:

Agreement**1. Sale and Purchase of Shares.****(a) Forward Purchase Shares.**

(i) Subject to the terms and conditions set forth herein, the Company shall issue and sell to the Purchaser, and the Purchaser shall purchase from the Company, 5,246,250 Forward Purchase Shares for a purchase price of \$10.00 per Forward Purchase Company Share (the "Forward Purchase Price"), or \$52,462,500 in the aggregate.

(ii) At least ten (10) Business Days before the Business Combination Closing, the Company shall provide the Purchaser with a notice (the "Notice") including:

- A. The anticipated Business Combination Closing date; and
- B. Instructions for wiring of the Forward Purchase Price.

(iii) The closing of the sale of Forward Purchase Shares (the "Forward Closing") shall be held on the same date and concurrently with the Business Combination Closing; provided, that at the Purchaser's request, the Forward Closing may occur up to five (5) Business Days prior the Business Combination Closing (such date being referred to as the "Forward Closing Date"). At least three (3) Business Days prior to the Forward Closing Date, the Purchaser shall deliver the Forward Purchase Price for the Forward Purchase Shares by wire transfer of U.S. dollars in immediately available funds to an account specified in the Notice to be held in escrow until the Forward Closing. Immediately prior to the Forward Closing on the Forward Closing Date, (A) the Forward Purchase Price shall be released from escrow automatically and without further action by the Company or the Purchaser, and (B) upon such

release, the Company shall issue the Forward Purchase Shares to the Purchaser in book-entry form, free and clear of any liens, registered in the name of the Purchaser (or its nominee in accordance with its delivery instructions), or to a custodian designated by the Purchaser, as applicable. In the event the Business Combination Closing does not occur within ten (10) Business Days of the date scheduled for closing, the Forward Closing shall not occur and the Company shall promptly (but not later than one (1) Business Day thereafter) return the Forward Purchase Price to the Purchaser; provided that the return of the Forward Purchase Price placed in escrow shall not terminate this Agreement or otherwise relieve either party of any of its obligations hereunder and the Company may provide a subsequent Notice pursuant to Section 1(a)(iii). For purposes of this Agreement, "Business Day" means any day, other than a Saturday or a Sunday, that is neither a legal holiday nor a day on which banking institutions are generally authorized or required by law or regulation to close in the City of New York, New York.

(b) Legends. Each register and book entry for the Forward Purchase Shares shall contain a notation, and each certificate (if any) evidencing the Forward Purchase Shares shall be stamped or otherwise imprinted with a legend, in substantially the following form:

"THE SECURITIES REPRESENTED HEREBY HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, OR THE SECURITIES LAWS OF ANY STATE OR OTHER JURISDICTION, AND MAY NOT BE TRANSFERRED IN VIOLATION OF SUCH ACT AND LAWS. THE SALE, PLEDGE, HYPOTHECATION, OR TRANSFER OF THE SECURITIES REPRESENTED HEREBY ARE SUBJECT TO THE TERMS AND CONDITIONS OF A CERTAIN FORWARD PURCHASE AGREEMENT BY AND BETWEEN THE HOLDER AND THE COMPANY. COPIES OF SUCH AGREEMENT MAY BE OBTAINED UPON WRITTEN REQUEST TO THE SECRETARY OF THE COMPANY."

2. Representations and Warranties of the Purchaser. The Purchaser represents and warrants to the Company as follows, as of the date hereof:

(a) Organization and Power. The Purchaser is duly organized, validly existing, and in good standing under the laws of the jurisdiction of its formation and has all requisite power and authority to carry on its business as presently conducted and as proposed to be conducted.

(b) Authorization. The Purchaser has full power and authority to enter into this Agreement. This Agreement, when executed and delivered by the Purchaser, will constitute the valid and legally binding obligation of the Purchaser, enforceable against the Purchaser in accordance with its terms, except (i) as limited by applicable bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance and any other laws of general application affecting enforcement of creditors' rights generally, (ii) as limited by laws relating to the availability of specific performance, injunctive relief or other equitable remedies, or (iii) to the extent the indemnification provisions contained in the Registration Rights (as defined below) may be limited by applicable federal or state securities laws.

(c) Governmental Consents and Filings. No consent, approval, order or authorization of, or registration, qualification, designation, declaration or filing with, any federal, state or local governmental authority is required on the part of the Purchaser in connection with the consummation of the transactions contemplated by this Agreement.

(d) Compliance with Other Instruments. The execution, delivery and performance by the Purchaser of this Agreement and the consummation by the Purchaser of the transactions contemplated by this Agreement will not result in any violation or default (i) of any provisions of its organizational documents, (ii) of any instrument, judgment, order, writ or decree to which it is a party or by which it is bound, (iii) under any note, indenture or mortgage to which it is a party or by which it is bound, (iv) under any lease, agreement, contract or purchase order to which it is a party or by which it is bound or (v) of any provision of federal or state statute, rule or regulation

applicable to the Purchaser, in each case (other than clause (i)), which would have a material adverse effect on the Purchaser or its ability to consummate the transactions contemplated by this Agreement.

(e) Purchase Entirely for Own Account. This Agreement is made with the Purchaser in reliance upon the Purchaser's representation to the Company, which by the Purchaser's execution of this Agreement, the Purchaser hereby confirms, that the Forward Purchase Shares to be acquired by the Purchaser will be acquired for investment for the Purchaser's own account or for the account of funds managed by the Purchaser, not as a nominee or agent, and not with a view to the resale or distribution of any part thereof in violation of any state or federal securities laws, and that the Purchaser has no present intention of selling, granting any participation in, or otherwise distributing the same in violation of law. By executing this Agreement, the Purchaser further represents that the Purchaser does not presently have any contract, undertaking, agreement or arrangement with any Person to sell, transfer or grant participations to such Person or to any third Person, with respect to the Forward Purchase Shares. For purposes of this Agreement, "Person" means an individual, a limited liability company, a partnership, a joint venture, a corporation, a trust, an unincorporated organization, any other entity or any government or any department or agency thereof. Person does not include any affiliated entity of Purchaser.

(f) Disclosure of Information. The Purchaser has had an opportunity to discuss the Company's business, management, financial affairs and the terms and conditions of the offering of the Forward Purchase Shares with the Company's management.

(g) Restricted Securities. The Purchaser understands that the offer and sale of the Forward Purchase Shares to the Purchaser has not been, and will not be, registered under the Securities Act of 1933, as amended (the "Securities Act"), by reason of a specific exemption from the registration provisions of the Securities Act which depends upon, among other things, the bona fide nature of the investment intent and the accuracy of the Purchaser's representations as expressed herein. The Purchaser understands that the Forward Purchase Shares are "restricted securities" under applicable U.S. federal and state securities laws and that, pursuant to these laws, the Purchaser must hold the Forward Purchase Shares indefinitely unless they are registered with the SEC and qualified by state authorities, or an exemption from such registration and qualification requirements is available. The Purchaser acknowledges that the Company has no obligation to register or qualify the Forward Purchase Shares for resale, except for the Registration Rights. The Purchaser further acknowledges that if an exemption from registration or qualification is available, it may be conditioned on various requirements including, but not limited to, the time and manner of sale, the holding period for the Forward Purchase Shares, and on requirements relating to the Company which are outside of the Purchaser's control, and which the Company is under no obligation and may not be able to satisfy. The Purchaser acknowledges that the Company has filed the Registration Statement for its proposed IPO. The Purchaser understands that the offering of the Forward Purchase Shares is not, and is not intended to be, part of the Company's IPO, and that the Purchaser will not be able to rely on the protection of Section 11 of the Securities Act with respect to the Forward Purchase Shares.

(h) No Public Market; IPO and Related Transactions. The Purchaser understands that no public market now exists for the Forward Purchase Shares, and that the Company has made no assurances that a public market will ever exist for the Forward Purchase Shares.

(i) High Degree of Risk. The Purchaser understands that its agreement to purchase the Forward Purchase Shares involves a high degree of risk which could cause the Purchaser to lose all or part of its investment.

(j) Accredited Investor. The Purchaser is an accredited investor as defined in Rule 501(a) of Regulation D promulgated under the Securities Act.

(k) No General Solicitation. Neither the Purchaser, nor any of its officers, directors, employees, agents, stockholders or partners has either directly or indirectly, including, through a broker or finder (i) engaged in any

general solicitation, or (ii) published any advertisement in connection with the offer and sale of the Forward Purchase Shares.

(l) Residence. The Purchaser's principal place of business is the office or offices located at the address of the Purchaser set forth on the signature page hereof.

(m) Non-Public Information. The Purchaser acknowledges its obligations under applicable securities laws with respect to the treatment of non-public information relating to the Company.

(n) Adequacy of Financing. At the time of the Forward Closing, the Purchaser will have available to it sufficient funds to satisfy its obligations under this Agreement.

(o) No Other Representations and Warranties; Non-Reliance. Except for the specific representations and warranties contained in this Section 2 and in any certificate or agreement delivered pursuant hereto, none of the Purchaser nor any person acting on behalf of the Purchaser nor any of the Purchaser's affiliates (the "Purchaser Parties") has made, makes or shall be deemed to make any other express or implied representation or warranty with respect to the Purchaser and this offering, and the Purchaser Parties disclaim any such representation or warranty. Except for the specific representations and warranties expressly made by the Company in Section 3 of this Agreement and in any certificate or agreement delivered pursuant hereto, the Purchaser Parties specifically disclaim that they are relying upon any other representations or warranties that may have been made by the Company, any person on behalf of the Company or any of the Company's affiliates (collectively, the "Company Parties").

3. Representations and Warranties of the Company. The Company represents and warrants to the Purchaser as follows:

(a) Incorporation and Corporate Power. The Company is duly incorporated and validly existing and in good standing as a corporation under the laws of the Cayman Islands and has all requisite corporate power and authority to carry on its business as presently conducted and as proposed to be conducted. The Company has no subsidiaries.

(b) Authorization. All corporate action required to be taken by the Company's Board of Directors and stockholders in order to authorize the Company to enter into this Agreement and to issue the Forward Purchase Shares at the Forward Closing has been taken or will be taken prior to the Forward Closing. All action on the part of the stockholders, directors and officers of the Company necessary for the execution and delivery of this Agreement, the performance of all obligations of the Company under this Agreement to be performed as of the Forward Closing, and the issuance and delivery of the Forward Company Purchase has been taken or will be taken prior to the Forward Closing. This Agreement, when executed and delivered by the Company, shall constitute the valid and legally binding obligation of the Company, enforceable against the Company in accordance with its terms except (i) as limited by applicable bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance, or other laws of general application relating to or affecting the enforcement of creditors' rights generally, (ii) as limited by laws relating to the availability of specific performance, injunctive relief, or other equitable remedies, or (iii) to the extent the indemnification provisions contained in the Registration Rights may be limited by applicable federal or state securities laws.

(c) Valid Issuance of Securities. The Forward Purchase Shares, when issued, sold and delivered in accordance with the terms and for the consideration set forth in this Agreement, will be validly issued, fully paid and nonassessable, as applicable, and free of all preemptive or similar rights, taxes, liens, encumbrances and charges with respect to the issue thereof and restrictions on transfer other than restrictions on transfer specified under this Agreement, applicable state and federal securities laws and liens or encumbrances created by or imposed by the Purchaser. Assuming the accuracy of the representations of the Purchaser in this Agreement and subject to the

filings described in Section 3(d) below, the Forward Purchase Shares will be issued in compliance with all applicable national and state securities laws.

(d) Governmental Consents and Filings. Assuming the accuracy of the representations and warranties made by the Purchaser in this Agreement, no consent, approval, order or authorization of, or registration, qualification, designation, declaration or filing with, any federal, state or local governmental authority is required on the part of the Company in connection with the consummation of the transactions contemplated by this Agreement, except for applicable requirements of the Securities Act, and applicable state securities laws, if any, and pursuant to the Registration Rights.

(e) Compliance with Other Instruments. The execution, delivery and performance of this Agreement and the consummation of the transactions contemplated by this Agreement will not result in any violation or default (i) of any provisions of the Company's Memorandum and Articles of Association, as it may be amended from time to time (the "MAA"), or other governing documents of the Company, (ii) of any instrument, judgment, order, writ or decree to which the Company is a party or by which it is bound, (iii) under any note, indenture or mortgage to which the Company is a party or by which it is bound, (iv) under any lease, agreement, contract or purchase order to which the Company is a party or by which it is bound or (v) of any provision of federal or state statute, rule or regulation applicable to the Company, in each case (other than clause (i)) which would have a material adverse effect on the Company or its ability to consummate the transactions contemplated by this Agreement.

(f) No General Solicitation. Neither the Company, nor any of its officers, directors, employees, agents or stockholders has either directly or indirectly, including, through a broker or finder (i) engaged in any general solicitation, or (ii) published any advertisement in connection with the offer and sale of the Forward Purchase Shares.

(h) No Other Representations and Warranties; Non-Reliance. Except for the specific representations and warranties contained in this Section 3 and in any certificate or agreement delivered pursuant hereto, none of the Company Parties has made, makes or shall be deemed to make any other express or implied representation or warranty with respect to the Company, this offering, or a potential Business Combination, and the Company Parties disclaim any such representation or warranty. Except for the specific representations and warranties expressly made by the Purchaser in Section 2 of this Agreement and in any certificate or agreement delivered pursuant hereto, the Company Parties specifically disclaim that they are relying upon any other representations or warranties that may have been made by the Purchaser Parties.

4. Registration Rights

(a) Registration Rights. The Purchaser has been or will be granted registration rights by the Company with respect to the Forward Purchase Shares pursuant to a registration rights agreement to be entered into with the Company.

5. Additional Agreements, Acknowledgements and Waivers of the Purchaser.
